

MUSADDIQ HUSSAIN

Junior Python Developer | Django & RESTful APIs | Backend Development & Database Management

+92 306 9744983 @ musaddiqh02@gmail.com github.com/Musaddiq174 linkedin.com/in/musaddiq-hussain/

Lahore, Punjab, Pakistan

SUMMARY

Results-driven Junior Python Developer skilled in Django, RESTful API development, and database management. Strong foundation in backend engineering, secure authentication, and performance optimization. Experienced in collaborative team projects focused on scalable web applications, efficient data handling, and clean, maintainable code. Passionate about learning new technologies and applying them to solve real-world problems.

SKILLS

Python	Django	Django REST Framework	HTML	CSS	Bootstrap	C/C++	SQL	SQLite	MySQL
Postman	Git	GitHub	PyCharm	REST APIs	OOP	Data Structures	Authentication		
CRUD Operations	API Integration	Deployment	Problem Solving	Team Collaboration					

EXPERIENCE

03/2026 - 04/2026

Lahore, Pakistan

Associate Trainee Intern

VisNext Software Solutions

- Improved system performance by 30% by developing robust backend solutions using Python and Django.
- Assisted in developing and maintaining RESTful APIs for web applications.
- Collaborated with senior developers to improve application functionality and performance.
- Participated in debugging, testing, and database-related tasks.
- Contributed to team projects while following clean coding practices and version control workflows.

PROJECTS

CSS Success Path

- Built RESTful APIs for creating, retrieving, and submitting mock tests and results.
- Implemented dynamic question selection from curated English databases.
- Developed secure authentication and automated test evaluation systems.
- Created an admin dashboard for managing questions and tracking user performance.
- Added pagination and filtering for optimized API performance.

Smart Assess

- Developed APIs for user management, quiz creation, and performance tracking.
- Implemented role-based authentication for multiple user levels.
- Wrote unit tests to improve reliability and reduce bugs.
- Collaborated with frontend developers for smooth API integration.

Little Lemon Restaurant Website

- Designed a responsive website to increase customer engagement by 50%
- Improved mobile responsiveness by 20% across multiple screen sizes
- Integrated contact form and menu management system with database connectivity

EDUCATION

09/2021 - 07/2025

Lahore

Bachelor of Science in Computer Science

University of Central Punjab

CERTIFICATIONS

Django Web Framework – Coursera

Django Application Development with SQL and Databases – Coursera

Backend Development and API Creation – Coursera

APIs – Coursera
